

# ENTitySDXL (Small Diameter) LED NasoView Nasopharyngoscope

*Bringing precision endoscopy to the point of care, anywhere.*

***Slimline 2.7mm shaft makes the ENTitySDXL the preferred choice for narrow upper airway passages in both adults and children***

The ENTitySDXL LED Nasopharyngoscope frees you to perform nasal endoscopy and laryngoscopy virtually anywhere. Our patented, integrated LED light source eliminates cumbersome external light sources while providing exceptional visibility. The result is an endoscope as portable and easy-to-use as a stethoscope. The ENTitySDXL has been tested for material compatibility for up to 1,000 cycles in many High Level Disinfection (HLD) solutions, including STERIS Revital-Ox™ Resert®, Rapicide OPA/28 and Metricide OPA PLUS.

## ***New features:***

- **45X Eyepiece Magnification**
- **Slimline 2.7mm shaft**
- **HLD material capability**

## **Specifications**

Flexible Length	30cm (11.8")
Overall Length	53cm (20.9")
Shaft Diameter	2.7mm
Weight	11.6 oz
Articulation Range	110 degrees up / down
Depth of Field	5mm to 50mm
Field of View	85 degrees
Battery	Lithium Ion

## **Compact, portable, all-in-one design**

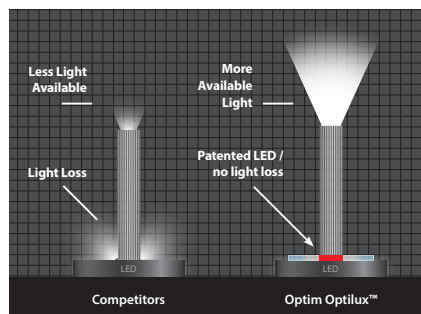

- No external light source or lamp replacement
- Hybrid aluminum handle
- Fully sealed and completely immersible
- Bring the scope to the patient
- Use in the office / bedside / hospital

## **Better economics**

- See more patients per day, increase revenue
- Reduced capital expenses and ongoing maintenance
- No lamp or light guide replacements

## **Superior lighting**

- Patented LED light coupling
- Enables clear visibility of the true vocal cords
- Variable light intensity

## **Optilux™**

Optim's unique LED light source to fiber light guide coupling technology, Optilux™, in the Entity NasoView and Portable LED light source brings unmatched illumination to the end of the scope, where it counts.
